

In response to this Election of Species Requirement, Applicant hereby elects Species A, Figure(s) 1A and 1B. Claims 1-24 should read on this elected species. This election is with traverse.

It is respectfully submitted that Species A, B and C all belong to the same species. Species A is a showing of generic claim 1. Species B includes element 100 from Species A. Finally, Species C corresponds to Species A, applied in a dynamic vibration system.

It is respectfully submitted that it should be no undue burden on the Examiner to consider all claims in the single application. Moreover, because at least generic claim 1 should be in condition for allowance, this Election of Species Requirement should also be overcome and withdrawn.

In view of the foregoing amendments and remarks, favorable reconsideration and an early Notice of Allowance are earnestly solicited.

In the event there are any outstanding matters remaining in this application, the Examiner is invited to contact the undersigned (703) 205-8000 in the Washington, D.C. area.
